G C G
Take the ribbon from my hair

C
Shake it lose and let it fall

Am D7
Laying soft against your skin

G
Like a shadow on the wall

C G
Come and lay down by my side

C
Till the early morning light

Am D7
All I'm taking is your time

G
Help me make it through the night

G7 C
I don't care what s right or wrong

G
I won't try to understand

A7
Let the devil take tomorrow

D7
Cause tonight I need a friend

G C G
Yesterday is dead and gone

C
And tomorrow's out of sight

Am D7
And it's sad to be alone

G
Help me make it through the night

Am D7
And it's sad to be alone

G
Help me make it through the night

Am D7
I don't want to be alone

G
Help me make it though the night
