[C] We'll start at the start and end at the end

[F] You'll find that your mind might possibly mend

[G] Well sure I can help you 'cos you can't help yourself

[C] Have you fall-[F]en in [G] love again ?

Have [C] you fallen [F] in love a-[G] 8 gain ?

[C] Sister Jane you gonna change your name

You gotta [F] get out soon before you go insane

Before the [G] town starts talkin', When they see you out walkin'

It [C] sure does seem a [G] shame, Yes it [C] sure does seem a [G] shame

[C] Sister Jane you gonna change your name

And I sug-[F]gest you catch the 12:45 plane

Before the [G] family finds out just what you've done,

And [C] holds you at the [F] point of a [G] gun....

And [C] that ain't gonna [F] be much [G] fun.....Sister [C] Jane

[C] We'll talk of the future, we'll talk of the past

The [F] odds were against you, it never could last

You [G] can't think opinions that change overnight

When you [C] know what you [F] done just ain't [G] right

You [C] don't mean to tell me you finally done it

You [F] played at the game and you thought you had won it

And [G] now that you find that you're way out of line
